**CONDITIONS FOR TRADERS**

Once inside the park gates everyone is subject to the rules and regulations as laid down by the management of Tatton Park and the show organisers. Items of specific importance to exhibitors/traders are as follows.

1. All vehicles must be covered by a minimum of third party insurance (Road Traffic Act rules apply on site) and are accepted into the park on condition that the park authorities and the show organisers cannot be held responsible for exhibitors'/traders' negligence involving damage to vehicles and/or property or injury to persons – similarly for damage, loss or theft of vehicles, property, contents and equipment.
2. **Traders must ensure that they have adequate public liability insurance cover** and that they are responsible for carrying out the risk assessment of their trading area and implementing suitable and sufficient control measures to safeguard themselves, their staff, the visiting public and other traders.
3. Vehicles entering and leaving the showground are restricted to a maximum of walking speed and no unauthorised movement of vehicles is permitted during showtime until after **4.30pm** – in any emergency, needing to leave earlier must be agreed before moving with show marshals, who will then escort you from the showground.
4. Camping is a privilege to exhibitors/traders granted by Tatton Park and it is essential that all litter is cleared and no groundwork is allowed on site (Friday 9am - 7pm Sunday). **Exhibitors/campers/traders are warned of the danger of falling branches and anyone setting up close to mature trees does so at their own risk.**
5. No dangerous dogs allowed on site. Pets are the direct responsibility of their handlers and must be kept on a leash at all times and any deposits to be cleared up.
6. The riding of cycles, motorcycles, quad bikes etc. on the showground or park is strictly forbidden at anytime (disability vehicles may be allowed at the discretion of the organisers).
7. The organisers and the park authorities reserve the right to remove anyone from the park who is CONSIDERED to have CONTRAVENED the regulations and this could result in a ban for the individual/club/trader from future shows.
8. **Generators:** all generators should be of a silent type and be sited so as not to cause disturbance to adjacent exhibitors or visitors.
9. Participants must operate within the confines of their allotted area and refrain from approaching visitors in the aiseways to sell goods, services or solicit donations.
